

"My School is great!"

I walk into the school gate,
My eyes open wide
I see the climbing frame staring
Standing tall and high.
The whistle blows,
And to my friends
I say good bye.

At the start of the day
You have to be as sharp as a compass
Following all instructions.
At nine thirty the real work starts
The first lesson is literacy.

At twelve thirty
My belly rumbles
Lunchtime is approaching,
We line up ready to go downstairs
To have our lunch.

Kenmont has lots of clubs afterschool
Including steelpan, football
And lots, lots more.

Kenmont has lots of great sports facilities
For us all to enjoy,
We are a healthy school,
In the future we will be
Strong and tall.

Kenmont is Great!
