

IF I WERE A TREE

If I were a tree I'd like to be planted at my School.

Standing tall, keeping watch over big and small.
No one would hurt me.

I'd be well looked after.

I'd feel happy when children played around me,
watching them grow as fast as my branches.
It's silent and peaceful when the children go home,
until I hear the sound of children's voices
outside the gate again.

Then I realise how lucky I am to be at
English Martyrs School.

So would you think of me if I were a tree?
